👋 Hello, I'm Mallikharjun Swamy Sudnagunta, a seasoned professional with over 28 years of diverse experience across industries. I am a highly motivated and versatile individual, driven by a passion for continuous learning and improvement. Currently based in Visakhapatnam, Andhra Pradesh, I bring a wealth of skills and expertise to the table.

📋 Professional Summary: As a result-oriented individual, I have successfully navigated various industries, including Horticulture and Dairy Farms, Marketing, Hospitality, IT, Project Management, Logistics, E-commerce, and Digital Marketing. My journey has equipped me with a robust work ethic, exceptional problem-solving skills, and the ability to thrive under pressure.

🖋 Current Focus: Frontend Development, UI Design, and Bug Bounty Hunting My recent experiences include being a Bug Bounty Hunter and Security Researcher at Bugcrowd and YesWeHack. I am passionate about elevating cybersecurity postures and have actively participated in prominent bug bounty programs. Simultaneously, I've been making significant strides in the realm of Frontend Development and UI/UX Design, showcasing my skills as a Freelance WordPress and UI Designer.

Technical Proficiency: With a strong foundation in IT, my technical skills include expertise in operating systems (Linux, Windows, Mac), troubleshooting, hosting servers, hardware, printers, and networking. I am well-versed in web application security, vulnerability assessments, and network security.

🎨 UI/UX Design and Frontend Development: In the realm of design, I've crafted engaging and user-friendly experiences for clients as a Freelance WordPress and UI/UX Designer. My proficiency extends to responsive web design, layout design, and utilizing tools like Figma, Sketch, Adobe Creative Suite, and more.

🌐 Bug Bounty Hunting: My journey as a Bug Bounty Hunter has honed my skills in penetration testing, identifying critical vulnerabilities, and responsibly disclosing them to enhance digital defenses.

Willing to relocate: Anywhere

Work Experience

Bug Bounty Hunter | Security Researcher | Website Pentester

Bugcrowd, YesWeHack

July 2021 to Present

Ethical Hacker | Cybersecurity Enthusiast | Pentester in the Making

Passionate and results-driven professional with over 28 years of diverse industry experience, seeking an exciting opportunity as a Pentester. Equipped with a strong technical background, exceptional problem-

solving skills, and a proven track record in web security and vulnerability assessment. Committed to contributing my expertise to elevate an organization's cybersecurity posture.

Key Expertise:
• Bug Bounty Hunting: Active participation in prominent bug bounty programs, identifying critical vulnerabilities and responsibly disclosing them to bolster digital defenses.
• Vulnerability Assessment: Proficient in conducting comprehensive vulnerability assessments, utilizing penetration testing tools and methodologies to uncover hidden security risks.
• Web Application Security: In-depth knowledge of web application security, adept at analyzing and mitigating potential threats such as cross-site scripting (XSS), SQL injection, and CSRF.
• Network Security: Skilled in analyzing network infrastructure for potential weaknesses, implementing secure configurations, and protecting against cyber threats.
• Operating Systems: Proficient in Linux, Windows, and macOS operating systems, leveraging technical prowess for troubleshooting and system optimization.
